## EYE WISDOM

The eyes are as delicate an organ as the body has. Strained and over-used, as they are so much nowadays, it is not wise to put off the adoption of glasses until "you positively have to use them." A visit to the oculist is the first moment your eyes begin to trouble you will usually result in preserving your eyesight unimpaired for a much later period of life than if you-eye ill are neglected. We have a fully equipped an optical department as there is in the city.

## Have You Ever Tried Salem's Botanical Doctor?

He absolutely cures cancers, tumors, gravel, kidney and bladder troubles, bone diseases, asthma, skin diseases, etc.

My Dear Friend:

You must bear in mind that this medicine is not a poisonous tonic, nor a stimulant, nor a temporary relief, which you get from poisonous drugs, where the results are sure death sooner or later. Those poisons go in your bones and destroy the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. Do not blame the medicine when it takes an effect and stir up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build up a new body from the bones up. This is what the people do not understand.

Dr. Cook cures all kinds of diseases. Dr. J. F. COOK, 301 Liberty St., Salem, Ore. He is a natural doctor. He is descended from a line of German herb-alists, the best physicians in the world.

This is his fourth year in Salem, and scores of patients and friends can testify to his skill in their cases.

## TOURING THROUGH MAINE

President Put In a Busy Day

Addresses Many Cities Along the Route

Emphasized Need of a Navy for Defense

Boston, Aug. 26.—The president was up bright and early this morning, and after a substantial breakfast, boarded a special train for his Maine trip. It will be a very busy day for the president, as the program includes stops at Lowell, Lawrence, Haverhill, Dover, Old Orchard, Portland, Lewiston and Augusta. At all of these places it is expected he will make speeches.

Speech of Haverhill.

In President Roosevelt's speech at Haverhill, the president took the navy for his theme, and said in part: "The entire country is vitally interested in the navy, because an efficient navy of adequate size is not only the best guarantee of peace, but is also the surest means of seeing that if war does come, the result shall be honorable to our good name, and favorable to our national interests. Any great nation must be peculiarly sensitive to two things, namely, stain on the nation's honor at home, and disgrace to national arms abroad. Our honor at home, our honor in domestic and internal affairs is at all times in our keeping, and depends simply upon a national possession of an awakened sense of honor is affected alone by our conscience, but the only way to make safe our honor is affected not only by our own deeds, but by the deeds of others, and by being in readiness in advance. It is impossible, after an outbreak of war, to improvise the ships or build up a navy without means."

Roosevelt at Lowell.

Lowell, Mass., Aug. 26.—President Roosevelt arrived here shortly before 9 o'clock, and spoke from a platform 200 yards from the depot, and said: "We have done our duty by Cuba, but I want to ask the people to act further than a sense of bare duty, to act in a spirit of generosity. I ask most earnestly that we make her a part of our economic system, by establishing reciprocity trade relations with her."

## Archbishop and the Friars

New York, Aug. 26.—Archbishop Ryan, of Philadelphia, officially denies that during his recent interview with President Roosevelt he expressed himself in favor of the expulsion of the friars from the Philippines. He said it might be found expedient to substitute friars of other nationalities for those that are now there.

TELEGRAPHIC BRIEFS.

A sawmill with 50,000 capacity, and a shingle mill that will turn out 50,000 shingles per day, are to be built in Rainier. Construction of the plant was begun Monday. The projectors are Messrs. Nordy & Olson, who sold their shingle plant at Runyon to the Oregon Lumber Company.

Ell D. Hewitt, an aged Grand Army man, is dead in Snohomish. He was a native of Wisconsin, and served in the First Minnesota heavy artillery.

C. P. Olsen, for 25 years superintendent of bridges on the Burlington railroad system, west of the Missouri river, was drowned Monday at Burlington, Iowa.

Miss Maud Thompson, a prominent young woman of Huntington Tenn., was killed Monday by James Greer. Six months ago she refused to marry him. He met the girl with her mother, and asked to speak to her alone. He then put his arm around her neck, and drawing a revolver, shot her. Greer then escaped. A posse is now in pursuit, and if captured he will probably be lynched.

The third congressional district convention, at Sacramento, Cal., re-nominated Frank L. Coombs for congress.

## ORDER TO GENERAL MILES

Construed as a Ruse by the Veterans

Washington, Aug. 26.—The war department today promulgated the following executive order to General Miles:

"You will proceed about September 16th to the Philippines to inspect the army there, with reference to instruction of discipline and supplies."

The order was signed by the president. It is generally commented upon here as being designed to relieve the administration of Miles' presence during the Grand Army encampment. Some embarrassment has been caused by the declared intention of the veterans to heap distinguished honors upon Miles.

Guns Booming in Venezuela.  
Washington, Aug. 26.—Minister Bowen, at Caracas, Venezuela, telegraphs to the state department today that one of the Venezuelan warships has arrived at La Guayra, and reports that for two days she bombarded Ciudad Bolivar, after which she withdrew. Her ammunition having been exhausted, Bowen doesn't say what damage, if any, has been done.

## OHIO'S INTREPID GOVERNOR

Calls Extra Session of Legislature

Urges Repeal of Bad Laws on the Books

And Condemns Constitutional Convention Law

Columbus, O., Aug. 26.—The Ohio legislature convened at 3 p. m. Monday in extraordinary session to enact laws to provide for the government of municipalities and to restore lost jurisdiction to the supreme court, these matters having been rendered chaotic by the action of that court during the early summer.

The governor's message was received, after which adjournment was taken. In his message Governor Nash calls attention to the act, passed last May, depriving the supreme court of nearly all the appellate jurisdiction formerly possessed by the court. The repeal of the act is recommended. The governor traces briefly the history of constitutional government of municipalities in Ohio, advises that the legislature ignore the requests for the constitutional convention, and submit a municipal code bill, the enactment of which he recommends.

Fifty-Seven Orders Represented.

Denver, Colo., Aug. 26.—Fifty-seven leading fraternal insurance orders are represented at the meeting of the National Fraternal Congress, which began in Denver today. The object of the meeting is to secure uniform action and to gather information to better guide the orders in their future conduct of business, especially as regards their insurance departments.

The officers in charge of the meeting are H. A. Warner, of Topeka, president; J. A. Langitt, of Baltimore, vice-president, and Mr. M. W. Sackett, Meadville, Pa., secretary. Mr. Langitt, the present vice-president, is a leading candidate for the presidency in succession to Dr. Warner. Mr. Langitt is a leader of the Royal Arcanum, and one of the best known fraternal insurance men in the country.

## ELKS SHORT IN ACCOUNTS

Lodge Books Show Deficit of \$16,000

Omaha, Neb., Aug. 26.—The fact has just leaked out that the auditing committee of Elks found during their inspection of the order's books, at the grand lodge meeting in Salt Lake City, that a shortage of \$16,000 existed. The money, the committee found, had been gradually misappropriated for a number of years. It is not likely that there will be any prosecution.

Catholic Knights in Session.

Cincinnati, O., Aug. 26.—The twelfth biennial state convention of the Catholic Knights of America is in session here, with President Otto Somers presiding. The sessions began this morning at St. Paul's school hall, and this afternoon there was a trolley about the city for the delegates and their ladies. The gathering will conclude tomorrow evening with a banquet at the Zoo.

Journey for Senators.

San Francisco, Aug. 26.—Senator Mitchell and his fellow members of the Senate Hawaiian Commission sail today on the City of Peking for Honolulu. The commission proposes to spend a month or more in the islands, in order to make a thorough investigation of the industrial and other conditions with a view to ascertaining the island's needs in the way of future legislation.

Roy Mitchell, the young man who was arrested at Jefferson, while attempting to sell the property stolen from the Combination barber shop, at Albany, was arraigned before Justice George Humphrey, in Albany, Saturday. He waived examination, and was held for the circuit court, under \$250 bonds.

## ROSSLAND FIRE SWEPT

Business and Residential Section Suffers Heavy Loss

Rossland, B. C., Aug. 26.—In two hours Monday afternoon, fire did \$75,000 damages in business and residential sections of Rossland. Earlier in the day, it was believed the loss would be substantially greater than this, but close scrutiny of the facts indicates that the lesser estimate is as nearly accurate as can be obtained for several days.

In 20 minutes from the first outbreak the fire had spread north to the Anacosta saloon, west to the M. & M. saloon, and south to the Coeur d'Alene saloon, while Thompson's restaurant, immediately adjoining the Burns block, was involved with the Burns place in the first outbreak.

At dark last night the burned area was smoldering, but no danger is apprehended. Scarcely a vestige is left of the various buildings which were wiped out in the disastrous two hours' fire.

A crew of surveyors from Portland has been locating a permanent route for the proposed Falls City-Dallas railway. The work was begun this week at the Dallas end of the line, and will be completed within the next week. George T. Gerlinger, of Portland, the promoter of the road, hopes the road is constructed it is necessary for Dallas to guarantee \$7000 bonus, free terminus and right of way four miles out of Dallas.

## DO YOU HEAR?

IF YOU CANNOT UNDERSTAND CAPITAL LETTERS, YOU MUST BE DEAF.

Do You Want to Hear?

Mr. A. G. Byers, of Independence, Or., was in town the other day and reports his cure of total deafness by Dr. Darrin as permanent. He was so much pleased with the result that he brought his father for treatment for other troubles. We give below his sworn statement, given last June:

How Young Mr. Byers Recovered

Mr. A. G. Byers, of Independence, accompanied by his son, A. G. Byers, called at the Journal office this afternoon and made a statement relative to the condition of the younger man. He has been deaf from his infancy, and the difficulty gradually increased to such extent that he was almost totally deaf. Two months ago the young man came to Dr. Darrin, at Hotel Willamette, for treatment, and today called at the Journal office to state that he can hear as well as anybody. The report or talked to him in a low tone of voice, and his hearing was as good as the best. This remarkable cure of necessity makes the young man feel happy, and his father is more than pleased. Their purpose in coming to the Journal office was to make a statement to the public concerning the wonderful cure.

Subscribed and sworn to before me, E. Hofer, a notary public, in Salem, Oregon, this 19th day of June, 1902. (Seal)

Notary Public for Oregon.

Another Equally Remarkable Cure.  
C. R. Durfee, a farmer residing near Shaw station, is one of the happiest men in the county. For over 23 years he was deaf in the left ear, his hearing being entirely destroyed, while his right ear was entirely normal. After treating with Dr. Darrin, at the Hotel Willamette, Mr. Durfee can hear perfectly in the left ear, and is loud in his praises of the physician who so successfully treated him. Mr. Durfee says the restoration of his hearing is a great relief to him, for he can now hear every sound, and locate it. Miss Nellie, the daughter of Mr. Durfee, was also cured by Dr. Darrin of deafness and granulated eyes about two months ago. Mr. Durfee called at the Journal office, and volunteered the above statement.

Dr. Darrin's Place of Business.

Dr. Darrin gives free examination to all, and when necessary gives medicine in connection with electricity. The poor treated free from 10 to 11 daily, except medicine. Those willing to pay, 10 to 15; evenings, 7 to 9. Sundays, 10 to 3. Those wishing treatment should call soon, as some cases require attention during course of cure. Catarrh and chest troubles yield more readily during warm weather. Sufferers from this class of troubles should have them attended to at once. Errors of youth, blood taints, rheumatism, varicose veins, deafness, catarrh and stricture a specialty. All chronic male and female diseases treated at \$5 a week, \$20 a month, or in that proportion of time, as the case may require. No cases published, except by permission of the patient. All business relations with Dr. Darrin strictly confidential. Letters of inquiry answered. Circulars and question blanks sent free. Eyes tested and glasses fitted. Dr. Darrin's office are at the Willamette Hotel, Salem, until November 1st, only.

## GOLDEN STATE REPUBS

Protest Against Reciprocity for Self Protection

Gage's State Administration Not Criticized

Sacramento, Cal., Aug. 26.—The convention was called to order at 10:20 o'clock by Chairman Noff. The report of the credentials committee was read and adopted. The report on order of business was adopted, making the nomination of the governor the first business after the reports.

The platform submitted endorses the administration of Roosevelt, protests against Cuban reciprocity and against any treaty permitting foreign fruits to come in competition with California products; endorses the attitude of the California delegation on the Cuban question; favors building of warships in the navy yards; an eight-hour day for government workmen; election of senators by popular vote, and national irrigation legislation. No reference was made to Gage's state administration. Judge McKinley, of Los Angeles, offered an amendment endorsing Gage, which was hotly debated.

Gage Was Indorsed.

Later, a resolution endorsing Gage was unanimously adopted. Nominations for the governorship were then made, Gage being the last. Five were nominated.

At 12:55 p. m. the convention adjourned until 3 p. m., no ballot having been taken.
